

Stop Work Authority (SWA) the five-step process and success stories

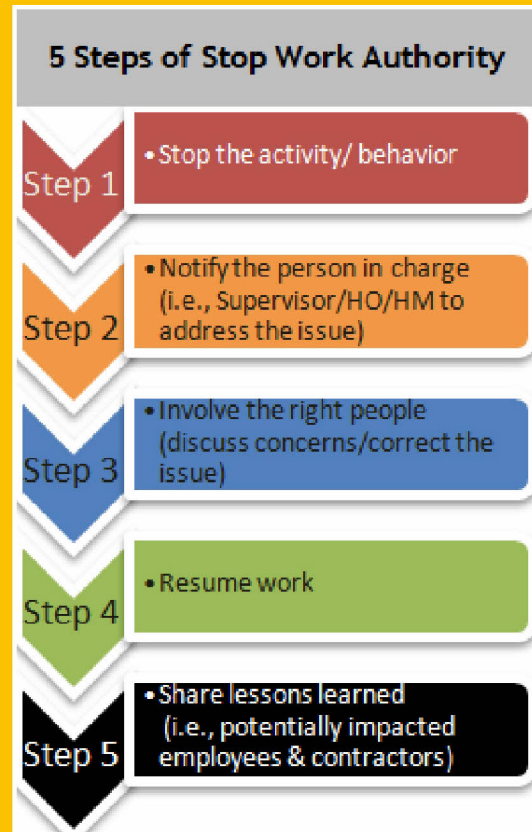

IIF Q1 2011 Proactive Event
Richmond Refinery

week of March 28, 2011

Learn more about Stop/ Pause Work Authority (SWA)

1. Please review the [Stop/ Pause Work Authority Video](#)
2. Highlights from the video:
 - You have the right and authority to stop unsafe work.
 - We follow the 5 Steps of Stop/ Pause Work Authority.
 - Stop/ Pause Work Authority can be used to help prevent all losses (injury, environmental, production, health, etc).
 - Management supports your use of Stop/ Pause Work Authority.
 - More “how to” information can be found in the [February 2009 Safety Topic of the Month](#)

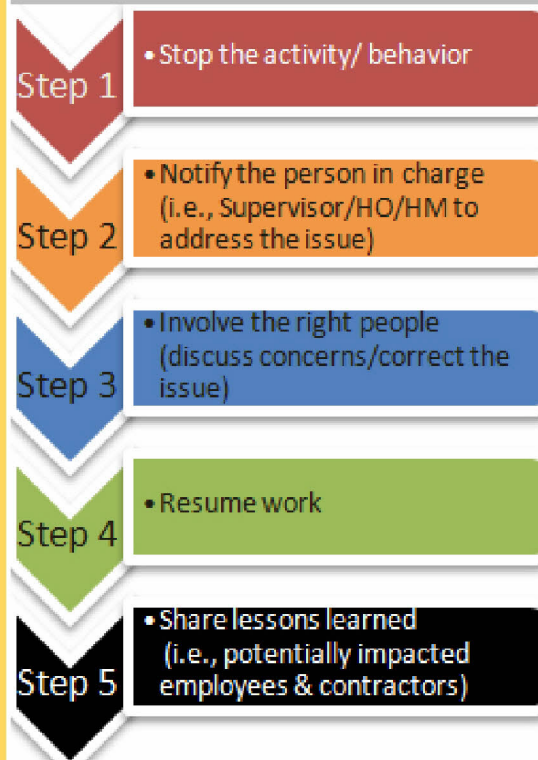

Why? Because we all have a reason for being incident and injury free.

Stop/ Pause Work Authority (SWA)

Discussion Topic:

1. Why is Stop Work Authority important to you?
2. Now, share Stop/ Pause Work Authority success stories and create a way for your group to share your Stop Work Authority stories with your supervisor/ manager, and the IIFLT.
3. Which of the five steps do you find the most challenging, and why? What can you do to overcome barriers in this process?

5 Steps of Stop Work Authority

Share your SWA personal success story with the IIFLT.
